Artome Cinema is a full home theater system that brings a movie theater into your living room without extra speakers or wires. Speakers are optimally positioned, so Artome Cinema fits in every space imaginable.

Integrated A/V-amplifier automatically connects to TV, so use your TV-remote just as before - no extra remotes or software are needed.

Optimal speaker positioning

A true home theater experience with the terms of decoration

No visible cables

Ready-made cable management inside the cabinet

Just plug and play

Connect Cinema to your TV with HDMI

No extra remotes needed

Cinema is controlled by the TV remote

Artome Cinema is always equipped with CEC* standardized AV-receiver.

*Consumer Electronics Control (CEC) is a feature for controlling multiple devices with one remote through HDMI cable.

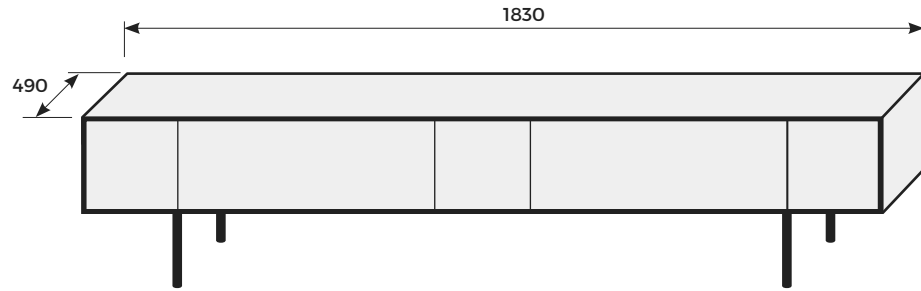

TIP!

Bluetooth is the easiest way to play music with Cinema.
